| <b>Husband:</b> | <b>Matthias St. John, Sr.</b> |
|-----------------|-------------------------------|

**Notes**

Came to Dorchester, Mass, about 1632.....Jacobus, page 513  
 Freeman, September 3, 1634  
 Removed to Windsor about 1640  
 Moved to Norwalk in 1654 where he died about January 1669/70

Will, October 19, 1669  
 Youngest son, James  
 My wife, his mother  
 Sons, Samuel Sention and Ephraim Lockwood  
 residue, double portion to son Matthias  
 One part to son, Mark  
 And the other two parts to Samuel Sention and Ephraim Lockwood  
 Inventory, January 1669/70

Matthias's will was witnessed by Thomas Fitch, Sen. and Ralph Keeler. Mr. Fitch signed as a witness. Mr. Keeler made his mark.

Has Home-Lot #22 in Norwalk.

From the List of Original Grants to the first settlers of Norwalk:

MATTHIAS SENTION, SEN. Bought of Mr. Steeile of Farmington, who married the widow of Richard Seamer, 4 acres (granted in addition 1.....April 6, 1661) 5 acres  
 Bounded east by Common Land  
 west by Town's Highway  
 North by Samuel Hale's home lot, now Robert Stewart's  
 south by Matthew Camfield's home lot

In 1655 found on a list of land owners of Norwalk, thus considered a first settler.

In Immigrant Ancestors, Abridged Compendium of American Genealogy:

MATTHIAS ST. JOHN, 1603-1699  
 Son of Sir Oliver of London, England  
 Married Sarah Buckley, born Cayshoe, Bedfordshire, England (I believe Oliver married Sarah Buckley)  
 To Dorchester, Mass, 1631/32  
 Settled at Norwalk, 1634  
 Windsor, CT, 1640  
 Hartford, 1650  
 Freeman, 1699  
 Married Elizabeth

Believe there may be some errors in the above paragraph as his inventory on his estate was taken in 1669. Perhaps 1699 is misprint. If so he could not have become a freeman in 1699. Perhaps that was his son. Also he died in Norwalk. Perhaps Norwalk was meant for Hartford as he was one of the original settlers to Norwalk from Hartford.

**Marriage Information**

Wife: Mary Tinker  
 Married: November 01, 1627  
 Beginning status: Married  
 in: New Windsor, Connecticut

**Wife:** **Mary Tinker**

**Notes**

Mary Tinker's name was found in the St. John genealogy sent to me by KK Fitch who may have received it from "David" who is of the St. John line.

**Child:** **Mercy St. John**

**Notes**

Inventory of Mercy Lockwood of Norwalk, February 1, 1694.

The son Ephraim died a minor after death of his father, Ephraim, Sr.

Inventory of John of Norwalk, also dec's

Surviving heirs, March 12, 1694/95,

Daniel, Eliphalet, Joseph, James and Sarah Lockwood

More from the Norwalk town records:

1694.....Mercy Lockwood, of Norwalk, estate of

Inventory filed July 1, 1694 by widow of Ephraim Lockwood

(Book 1689-1701, page 125)

There was given to Ephraim Lockwood, Jr. by his father Ephraim Lockwood, Sr., dec'd, certain lands, but never enjoyed as Ephraim, Jr. died before coming of age. Said land

appraised by Andrew Messenger & Thomas Fitch.

Inventory of estate, John Lockwood of Norwalk, dec'd by James Olmstead, Sam. Smith

Whereas the estate of Ephraim Lockwood and the widow, Mercy and Ephraim Lockwood,

Is & and John Lockwood are all deceased.....

Court orders the estate of said Ephraim, Sr. to be divided between

Daniel

Elephelet

Joseph

James

Sarah Lockwood

Daniel Lockwood appointed administrator for all the above estate.

So it would appear that by the date in 1694 that Mercy and sons Ephraim and John were all dead also.

Marriage Covenant with Dorothy Hall of Stratford recorded

.....

From NORWALK by Selleck, page 93.....Mark St. John was an active man in the plantation. He bought Joseph Fitch completely out, and on March 9, 1660, sold the same original Fitch property (south of 1896 East Norwalk School) to Edward Nash. Mr. St. John also became the owner of the Isaac More estate (Lot No. 16).

.....

Prenuptial Agreement signed by Mark St. John and Dorothy Hall: (Selleck says ante-nuptial)

"This Indenture made between Mark Sention and Dorothy Hall of Stratford, widow, WITNESSETH, that whereas there is a purpose of marriage between Mark Sention and Dorothy, they have consented and agreed, in case of marriage, as followeth: Imprimis (first) That Mark Sention will lay no claim to the estate that Dorothy Hall now possesseth, whether in lands or moveables, but that it shall be in the power of Dorothy Hall, after marriage, to improve it as she see cause, without any let from Mark Sention. But in case Dorothy Hall shall see cause to carry with her any part of the movable effects, Mark Sention binds himself and his heirs to return the same at the full value thereof, to her or to her executors, when either of them shall die. Dorothy Hall doth covenant with Mark Sention that she will not, at his death, lay any claim to any part of his estate that he now possesseth, as a dowry, but will, when a widow, return to her own that she hath now in possession in Stratford. TO WITNESS WHEREOF, both parties have affixed their hands and seals. Dated this 25th of January, sixteen hundred ninety-one or two. (January 25, 1691/2)

Signed, sealed, and delivered in presence of

JOSEPH CURTIS, EBENEZER BOOTHE

MARK SENTION, DOROTHY HALL

This from page 95.

Apparently they didn't have long together as Mark died in 1693.

Sarah Sention, the daughter of Marke Sention, and was married the 10th of March, Anno 1681/2

Also had a note that there might have been 2 more sons.....Isaac and Elijah??

A query in Genforum believes Samuel was buried on one of the Norwalk Islands. If he died in Ridgefield that seems unlikely. Need to find if they have a tombstone for him in one of the Ridgefield Cemeteries. Robert Lefler, whose ggrandmother married Mark James Lefler. He skips some generations but takes his ancestors from Ralph 1, Samuel 2, Joseph 3, Elizabeth who married John Rockwell, and then skips to his ggrandmother Ella Rockwell.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud. The text also mentions the need for regular audits and the role of internal controls in ensuring the reliability of the data.

2. The second part of the document focuses on the challenges faced by organizations in implementing effective risk management strategies. It highlights the complexity of identifying and assessing risks, particularly in a rapidly changing environment. The text suggests that organizations should adopt a proactive approach to risk management, involving all levels of the organization and utilizing a variety of tools and techniques.

3. The third part of the document discusses the importance of communication in the context of risk management. It stresses that clear and timely communication is crucial for ensuring that all stakeholders are aware of the risks and the measures being taken to mitigate them. The text also mentions the need for transparency and accountability in the reporting of risks and the results of the risk management process.

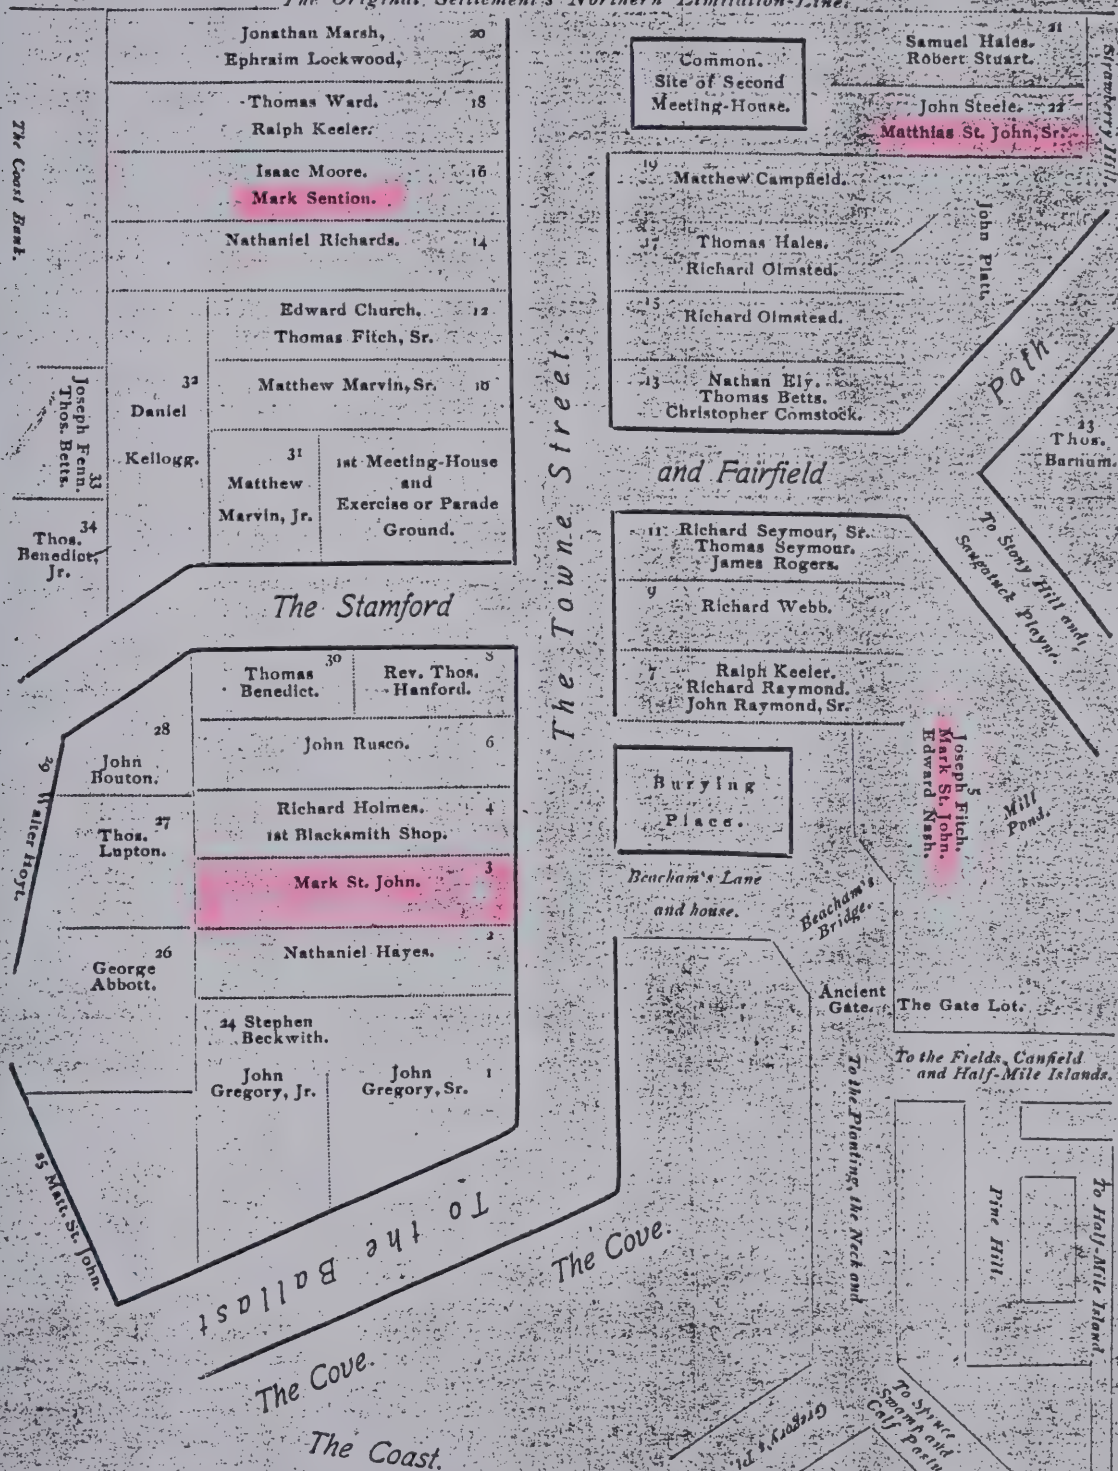

4. The fourth part of the document discusses the importance of training and development in the context of risk management. It emphasizes that employees must be equipped with the necessary skills and knowledge to identify and manage risks effectively. The text suggests that organizations should invest in training programs that cover a range of topics, including risk identification, assessment, and mitigation, and that should be tailored to the specific needs of the organization.

5. The fifth part of the document discusses the importance of monitoring and review in the context of risk management. It stresses that risk management is an ongoing process that requires regular monitoring and review to ensure that the risks are being managed effectively and that the measures being taken are up-to-date. The text also mentions the need for flexibility and adaptability in the risk management process, as risks can change over time and new risks can emerge.

6. The sixth part of the document discusses the importance of documentation in the context of risk management. It emphasizes that all aspects of the risk management process should be documented, including the identification of risks, the assessment of risks, the implementation of risk management measures, and the results of the risk management process. The text also mentions the need for the documentation to be accessible and easy to use, and for it to be updated regularly.
